| Power values of the system | 8,40 W |
| Dimming | DALI |
| OTHER DATA | |
| Environmental location | DAMP |
| Track type | Track 48V |
| Weight | 0.19 lb 90 gr |
| Packaged weight | 0.25 lb 113.2 gr |
| Packaging dimensions | 8.66x1.89x1.93 in 220x48x49 mm |
| Materials | Aluminium / Acrylonitrile Butadiene Styrene / Polycarbonate |

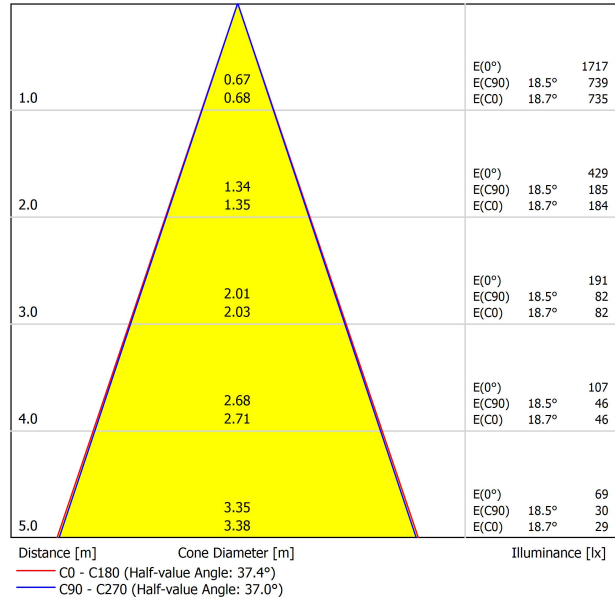

Black Foster Micro for Track 48V, the most compact downlight with "The Invisible Black" effect. This linear luminaire has an excellent control of the light beam whose rays do not bathe the luminaire and are channelled directly to the exterior without touching the screen. Furthermore, its reduced design enables an absolutely perfect installation of the modules into systems.

Track 48V

ARKOSLIGHT

48V track lighting systems are low-voltage lighting solutions based on electrified tracks. The track serves both as a physical structure and as a power carrier, allowing light modules to be placed and repositioned as needed, offering flexibility, safety, and energy efficiency. Ideal for projects that demand minimalist design, high performance, and adaptability. To configure your 48V system, you'll need to combine the following components:

1. Tracks - Available in surface, trimless, surface short, suspended (using suspension accessories with the surface track), and indirect light versions. They form the structural and electrical base of the system.
2. Connectors & Power Supply - Ensure electrical continuity between track sections and provide the 48V power input.
3. Accessories - Including end caps, joiners, mounting elements, and optional installation accessories to complete and secure the setup.

Track Options

Choose the track version required for your project configuration.

Surface

| | |
|----------------------------------|-----------------------|
| TRACK 48V SURFACE 3.28ft (1m) UL | U338-11-00- NT WT |
| TRACK 48V SURFACE 6.56ft (2m) UL | U338-12-00- NT WT |
